Subject: Urgent Action Required – Israel's Escalation in Gaza

Dear [MP's Name],

At 2 AM, without warning, Israel launched a relentless bombing campaign across the entire Gaza Strip, massacring over 326 people as they slept. Most of those killed were women, children, and the elderly. Entire families were wiped out in a single night. Israeli warplanes targeted residential buildings, schools, and public facilities that had become evacuation centers—places filled with thousands of civilians seeking refuge.

Israel has repeatedly violated ceasefire agreements, including the killing of 150 Palestinians and refusing to move to the next stage of negotiations for a permanent ceasefire. Following this indiscriminate bombing, Israel has now issued new forced displacement orders for Beit Hanoun, Khirbet Khuza'a, Abasan al-Kabira, and Abasan al-Jadida.

Multiple UN experts and investigations have now confirmed that Israel is committing genocide in Gaza, in full view of the world. This is not a conflict—it is the systematic destruction of an entire people. No government that claims to support human rights can remain complicit in this atrocity.

The UK has imposed sanctions on other states to prevent mass atrocities—this must apply here. A two-way trade and arms embargo, as well as an end to diplomatic relations with Israel, is essential. Recognising a Palestinian state is a crucial step toward lasting peace and ending the illegal occupation.

I urge you to take immediate action:

1. Demand an emergency statement in Parliament by the Foreign Secretary, and publicly call for a two-way trade and arms embargo, as well as an immediate end to diplomatic relations with Israel.
2. Raise an urgent question at PMQs on 19 March.
3. Table an Early Day Motion (EDM) to make these demands clear.

History will remember where you stood at this moment. I urge you to act now.

Sincerely,
[Your Name]
